Title: Ears to Hear

Text: Mark 7:31-37

1. Jesus Seeks (v. 31–32)

2. Jesus Restores (v. 33–35)

3. Jesus Reveals (v. 36–37)

Life Application Questions:

1. What details in verses 31-32 emphasize the man's helplessness? How does this passage support the biblical teaching that salvation is by God's initiative rather than human effort? How does remembering our own spiritual helplessness cultivate humility?

2. What specific actions does Jesus take before healing the man? What might Jesus' physical gestures have communicated to someone who could not hear? How does this miracle fulfill Isaiah 35:5–6, and why is that significant? What "deafness" or resistance to God's Word do believers still struggle with, and how does Christ continue His work of sanctification?

3. Which words in verse 37 stand out to you, and why? Why does Jesus often tell people not to spread news about His miracles? How does the crowd's declaration echo Genesis 1, where God declares creation "very good"? How do Jesus' miracles serve as signs of the coming New Creation?
